

SWCS Parents Against Mask Requirements

Rachel Marie

The only thing keeping these kids masked is Fuhrer Wise. All of his "metrics" are arbitrary at this point. Every excuse he has given has been picked apart and debunked with data. When he is confronted he pivots to another excuse. This won't end until he gets off his power trip and decides to stop abusing these kids.

Rachel Marie the school board can pass the buck all they want but they hire and fire the superintendent, it's ultimately on them.

Linda Lanam they screwed up when the old board gave Wise sole power over this. They did this right before the election in November- DUMB MOVE

Julie Spanitz Ruzicka they're afraid of the teachers Union. They can reverse it anytime they want. It's an easy way to take the decision off of them. They're elected, go after them. Start a recall petition.

They have created a monster. Rumor has it Ol' Fuhrer Wise swooped in on the recent GCHS Football Coach committee and told them who to choose.
